Senator's Address

Dear Senator xx,

I am writing to express strong opposition to Senate Bill 17 currently in your committee.

This bill, as proposed is in direct conflict with the First Amendment. I need not quote that Amendment as it is familiar to all Americans or should be as it is one of our guiding principles.

As a citizen of the State of Michigan and a Medical Marijuana (cannabis) patient I feel I need to protest this attempt at denying the rights of a select group of people to assemble peaceably and to discuss their concerns.

One can safely say that after two years of oppressive attempts of the opposition to modify or defeat this law, this latest attempt is the most contemptible of all. First the Michigan Municipal League has encouraged cities and counties to blatantly ignore the law, to in effect break the law in their attempt to modify the Medical Marijuana law. Now we see a State Senator proposing a bill that violates the spirit of the First Amendment in effect turning a patients rights issue under a duly voter enacted law into a Civil rights issue.

As a veteran of this country I am appalled that the rights I and others who served, fought and died for can be so arbitrarily ignored.

Thank you,
